The heart of metalworking beats in Stuttgart!

AMB, International Exhibition for Metal Working, will open its doors from 18 to 22 September 2018 and will feature technologies for future production. Around 1,500 exhibitors – including numerous world market and technology leaders – will present innovative developments, up-to-date products and industry trends on a gross exhibition area of more than 120,000 square metres. AMB will therefore affirm its leading position among the exhibitions in this industry and will be one of the world’s top five events.

Highlights of AMB 2018:
- Metal-cutting and metal-removing process machine tools
- Machining tools and chucking tools
- Measuring systems and quality assurance
- Robots, workpiece and tool handling
- Industrial software & engineering
- Parts, components and accessories

We are looking forward to your visit!

With the new Paul Horn Hall (Hall 10) the Stuttgart Trade Fair Centre is expanding its exhibition area to 120,000 square metres. This makes it possible to extend and better distribute the existing exhibition areas, and also provide more space for products and innovations. For you as a visitor, this means more innovative developments, more products and more solution-based offers.
