

# CastForge

Trade Fair for Castings and Forgings with Processing

Focused  
on your  
products

8 to 10 June 2021 Messe Stuttgart, Germany  
[www.castforge.de](http://www.castforge.de) | #CastForge

## CastForge: Excited about the new event

### Strong continuation after successful premiere

The clear focus on castings and forgings and their processing convinced everyone at the premiere of CastForge 2018. 153 exhibitors from 18 countries were impressed that for the first time they have a separate platform with CastForge where they can show the entire value-added chain. The excellent quality of the around 3,700 visitors was also praised.

CastForge 2021 will once again be a major attraction, also thanks to the support of national and international industry associations. Nowhere else have visitors such as purchasers, designers and developers the

opportunity to find the appropriate castings and forgings so quickly and efficiently and for their specific needs - high-quality and ready-to-install.

#### How you benefit as an exhibitor:

- Present your products in one of the largest user markets in Europe
- Meet professional visitors with a high willingness to invest
- Use the optimal infrastructure and the excellent service of Messe Stuttgart

**153**

**exhibitors**

Materials consulting **Warm forming** Turning FEM simulations and calculations Rolled rings **Milling** Publishers

**Associations** Sourcing of third-party components training and further education Logistics

## Your benefits at a glance

The top 3: Industry, market and trade fair grounds

### The entire industry on site

The industry meets at CastForge. Manufacturers of castings and forgings, as well as highly specialised processors, showcase themselves to industrial purchasers from machinery and plant engineering, drive engineering, the pump and hydraulics industry and utility vehicles construction.

### Key to Markets

The Greater Stuttgart area is a leading high-tech location and one of the strongest economic regions in Europe. The metal-working and metal processing companies are responsible for 52 percent of total production in Germany.

### Excellent infrastructure

Stuttgart has one of Europe's most modern trade fair centres. Messe Stuttgart offers exhibitors and visitors short distances and easy accessibility. The airport is located very close by - over 50 airlines connect Stuttgart to the entire world. The rapid-transit railway, the coach station and the connection to the A 8 motorway and B 27 trunk road make travel easy.

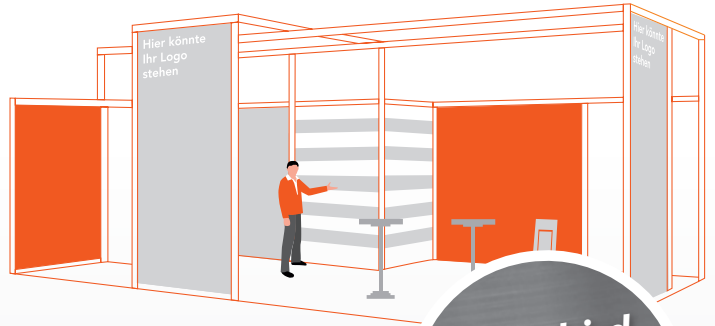

## Our service for your success

Stand prices*	regular	early booker
Row stand:	€ 206.00/m <sup>2</sup>	€ 195.00/m <sup>2</sup>
