

GesundReisen

Medical & Health Travel Expo
21 – 24 January 2027 | Messe Stuttgart

GesundReisen (Medical & Health Travel Expo) represents one of the key growth trends of the tourism industry: Medical and aesthetic travel that combines recuperation, prevention and personal development. More and more people are using their holiday time to improve their health and well-being and generally recharge their lives.

Join the premiere of GesundReisen from 21 to 24 January 2027 on the second weekend of CMT. The trade fair will bring together innovative providers of medical wellness travel, longevity travel, long stays, detoxing trips, mindfulness, fitness and sustainable lifestyles.

By doing so, CMT creates an inspiring platform for innovative travel offerings while also appealing to new, health-conscious target groups with a strong interest in travel.
