Messe Stuttgart

EFX
EXPO FOR ELECTRONICS MANUFACTURING

06-08 OCTOBER 2026
MESSE STUTTGART (GERMANY)

efx-expo.com

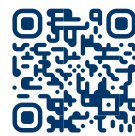

The new industry event for electronics manufacturing

With continuous miniaturisation and ever more complex demands in microelectronics, the industry has developed further at a rapid rate. With a new and innovative event concept EFX takes up these dynamics and brings together the entire process chain under a single roof – covering everything from Surface-Mount Technology (SMT) and THT through to Advanced Packaging and 3D-MID.

EFX provides a central platform for obtaining information about current trends and developments in electronics manufacturing, discussing key topics and expanding your network in a targeted manner.

Present your latest products and innovations and set the course for the future of electronics manufacturing – **from 6 to 8 Oct 2026 in Stuttgart!**

Programme highlights

Xperience

Insights from industry experts on the EFX Stage and in other special area

Xploration Walks

Guided Tours on selected key topics

Young ElectroniX

A programme tailored to young people

Xchange

First-class networking opportunities

Good reasons for EFX

Major industry event

In a 2-year cycle, we bring together expertise and experience and create valuable networks.

From the industry for the industry

We will jointly create a unique business event and shape the future of electronics manufacturing.

All-inclusive packages

In order to ensure that your attendance is successful and trouble-free, we offer you a complete package which more than lives up to its name.

We are more than just an exhibition

In terms of content and design, the event concept is innovative and represents the key topics of electronics manufacturing in a fresh and modern way.

All-Inclusive Packages

Start-up	€ 3,900
Basic	€ 9,500
Essential	€ 18,800
Professional	€ 37,100
Silber	€ 54,600
Gold	€ 70,900
Platin	€ 85,900

Learn more

The packages include the presentation area from 6 to 120 m², stand construction and many more services such as free catering, parking permits, Wi-Fi access (WLAN), electricity, ticket codes for your customer invitation management and much more.
