hy-fcell Award 2024: The best ideas for the energy of the future.

Hydrogen and fuel cells play a key role in achieving climate goals. The hy-fcell Award is presented in three categories with the aim of acknowledging superb developments in one of the most promising technology fields of our time and stimulating further innovations.

hy-fcell 2024 is the international exhibition and conference for hydrogen and fuels cells, also host of the hy-fcell Award with a total cash prize of € 30,000. The annual award is supported by the Ministry of Environment, Climate and Energy Baden-Württemberg, Stuttgart Region Economic Development Corporation and Messe Stuttgart.

Award & Networking Night: A celebration for the industry.

On 8 October the industry gets together at the hy-fcell Networking Night in a festive atmosphere for relaxed networking over music and good food.

This provides the perfect setting for the winners of the hy-fcell Award and their outstanding developments in the categories "Research & Development", "Products & Markets" and "Start-up" to get into conversation with other interested people.

Win with your innovation!

Participate now! Your route to the hy-fcell Award.
