

Right at the heart of the Energy Hub with minimal effort.

Your hy-fcell 2027 complete package: compact, highly visible and available at an attractive package price.

With its new all-inclusive packages, hy-fcell 2027 offers companies in the hydrogen and fuel cell sector a simple way to establish a professional presence - compact, high-visibility and with minimal planning effort. For the first time, hy-fcell will take place alongside Volta-X and eltefa.

This will create an Energy Hub in Stuttgart with a total of around 30,000 trade visitors - and with new target groups, synergies and points of contact relating to energy, infrastructure, electrical engineering and building services.
