Your global meeting place

World’s leading trade fair for roller shutters, doors/gates and sun protection systems

21 – 25 February 2022
Messe Stuttgart, Germany

www.rt-expo.com
Welcome to R+T in Stuttgart

Every three years at R+T - World's leading trade fair for roller shutters, doors/gates and sun protection systems, companies present their innovations and solutions for the central topics of the industry. During the trade fair or at one of the numerous evening events: R+T offers opportunities for exchange with colleagues and is the ideal platform for intensive professional discussions. A wide range of technical forums and networking events make it easy to get in touch and take new impulses for your daily work home with you. As the world’s leading trade fair, R+T is industry meeting place, trend barometer and innovation platform all at the same time.

At the heart of one of Europe’s most powerful economic regions, the trade fair sets international standards and provides optimum conditions for your successful participation. The way to the Stuttgart Trade Fair Centre is short and convenient, whether you travel by car, rail or aeroplane. The trade fair infrastructure is well thought out and transparent. Each hall can be conveniently accessed by a lorry and the spacious conditions allow rapid stand set-up and dismantling. Take this opportunity and make 2022 your year!

Our visitor magnet – The framework programme:

International forums, workshops, special shows and specialist congresses are a fixed component of R+T. They provide visitors with information on trends and new challenges in the sector. Special events for architects and planners present current developments and pioneering projects. They offer best practice from prize-winning practitioners and combine the congress and trade fair to create an optimum information platform.
