WORLDDEX

One-stop business procurement platform for the South East Asian market

The South East Asian construction market, with its rapidly growing infrastructure demands and policy incentives, is forecasted to witness infrastructure investment of USD. 500 billion by 2030. Thailand as the second largest construction market in the ASEAN region and strongly focusing on sustainable & smart solutions is the ideal regional hub for R+T South East Asia. Jointly with DOMOTEX South East Asia and Future Build Asia aims to establish a one-stop trade procurement platform spanning construction, to decoration. Benefiting from the global reach of the R+T Alliance brand visitors from across South East Asia will be attracted to Bangkok in November for both the R+T South East Asia exhibition as well as high-level conference programs.
