CUISINE AND PLEASURE

- Holidays and cuisine are inextricably linked. Holiday regions present the topic of pleasure in the Culinary Journeys exhibition area.
- International culinary delights as well as native and regional products take visitors on a culinary trip around the world.
- Central positioning of the topic on-site attracts large numbers of passers-by.
- Tastings of alcoholic beverages such as wine, craft beer or liqueurs from all over the world represent an opportunity for socialising during the exhibition.
- The long table offers hungry exhibition visitors space for food tasting and discussions.
- Thanks to many years of experience in organising food events, Messe Stuttgart possesses creativity and competence in designing a pleasant environment to stay and make purchases.
