Why you need to be there

# VISION

World's leading  
trade fair for  
machine vision

10 - 12 Nov. 2020  
Messe Stuttgart  
Germany

similar to picture

## The concept

**Is your company involved in the area of industrial PCs (IPCs) and does machine vision represent one of your numerous customer segments?**

**And you would not like to miss VISION 2020, the world's leading trade fair for machine vision? Then we have the right offer for you.**

During VISION 2020 from 10 to 12 November 2020, we are intending to provide a broader platform for the topic of IPCs together with our media partners, i.e. the SPS magazine and its special publication inVISION, on the group stand "IPC 4 VISION".

Present your products and services within the themed area of the group stand - without any great effort regarding organisation and staff, and for an unbeatable package price. Your presentation during VISION couldn't be simpler and more favourable - and you will be there. As the available space is limited, you shouldn't hesitate but register today!
